CLUE: Another Bloody Murder

BOBBY BODDIE/DETECTIVE HUNT BIGLY
Male. 40s. Seeking an actor who can create two distinct, rich, funny characters:
Boddie: British. A former child star who grew up to become a mysterious, eccentric rock-and-roll icon. Boddie has become macabre and reclusive of late…but he still knows how to party.
Bigly: British. An arrogant celebrity sleuth from Scotland Yard who also hosts a famous television program. Truth be told he's not a very good detective, but he sure acts the part.

WADSWORTH
Male. 50s-60s. British. Boddie's faithful butler, and the coordinator (emcee) of the evening. He has a dry sense of humor and is smarter than most of the guests. He also has a surprising amount of energy and a sharp eye for what transpires in the mansion. Great comedian, able of both creating the hysteria and playing the straight man.

COLONEL BUSTER MUSTARD
Male. 50s-60s. American. Boddie's ex-manager who's loud, bold, and entitled. Mustard cheated Boddie out of much of his wealth and then squandered it gambling. He likes a good meal, America, and being in charge (even when he doesn't know what he's doing).

MRS. NIKKI WHITE
Female. 30s. British. Boddie's ex-wife and a former (unsuccessful) musician. She fancies herself a celebrity and an artist of all mediums. Her haute style and snobbish attitude conceal the fact that she's broke, cold, dark, and conniving.

MRS. PENELOPE PEACOCK
Female. Reads 60s-70s. British. Boddie's mother who is strict, religious, and judgmental. She conveys propriety and charity but will stop at nothing to boost her social standing.

MR. JASPER GREEN
Male. 30s-40s. American. Boddie's attorney who's efficient, insecure, nervous, and a know-it-all. He never played sports. Green is seemingly by-the-book but was disbarred after committing fraud in several cases…along with other solicit acts.

MISS KARLA SCARLETT
Female. 30s. American. A groupie who treats every night like it's a party. She had a fling with Boddie, and then with rest of his bandmates. She's a manipulative seductress who's smarter than she appears.

PROFESSOR PLUM
Male. 30s-50s. Latino. A dance instructor, Plum once served as Boddie's choreographer. Helpless in most situations, but he uses his suave charm to get out of trouble.

WILLAMINA/BIRTHDAY NURSE/ET AL
Female. 20s-30s. Good with accents.
Willamina: The beautiful, strong, and assertive German maid.
The Birthday Nurse: Lower-class British. A stripper dressed as a nurse who Boddie forgot he ordered for his birthday.

WINEFRED/ET AL
Female. 30s-60s. Irish. Boddie's crass, overworked, no-nonsense Cook.

CONSTABLE (BOBBY) BROWN/ET AL
Male. 20s-40s. Rural British. A daft, sweet, lumbering oaf, Brown is serving as Bigly's "muscle" for the evening.
